### Important Questions to Ask:

- Does Advanced Cleaning have the same cleaners show up night after night, year after year?
- Does Advanced Cleaning respond quickly to requests and inquiries?
- More importantly, are cleaning issues resolved quickly and do they stay resolved, all with a good positive attitude?

"It's unwise to pay too much, but it's worse to pay too little. When you pay too much, you lose a little money — that is all. When you pay too little, you sometimes lose everything, because the thing you bought was incapable of doing the thing it was bought to do. The common law of business balance prohibits paying a little and getting a lot. It can't be done. If you deal with the lowest bidder, it is well to add something for the risk you run, and if you do that . . . you will have enough to pay for something better."
